

The world class Engine oil

COMPANY PROFILE

An ISO 9001-2023 Certified Company

What is lubricant oil used for :

A lubricant is a substance that reduces friction between two surfaces in relative motion. It does this by creating a layer of separation between the surfaces, preventing them from directly contacting and rubbing against each other. This process is called lubrication

Reducing Friction :

Lubricants minimize friction, which is the resistance to motion between two surfaces. This friction can cause wear and tear, heat generation and energy loss

Mechanism :

Lubricants work by inserting themselves between the moving surfaces, forming a thin film that allows them to slide smoothly over each other

Types of Lubricants :

Lubricants can be liquid (like oil) solid (like graphite) or even gaseous

Functions :

Besides reducing friction, lubricants also help to :

- * Control temperature rise by dissipating heat
- * Extend the useful life of components
- * Reduce downtime caused by mechanical failure
- * Prevent wear and tear on machinery

Examples :

Common lubricants include engine oil, grease and specialized industrial oils

Significance :

Lubrication is crucial for the efficient operation of machinery, vehicles and many other devices

BENEFITS / USE OF LUBRICANT

4T-20W-40 Synthetic Technology (SN 500)

Benefits of use :

- * Reduces friction and wear
- * Prevents overheating
- * Guards against wear and corrosion
- * Keeps engine parts clean
- * Enhances acceleration and efficiency

4 Stoke Engine Oil
110cc
Meets API-SN

Recommended for: All 4 stokes Bikes

Available Pack Size : 900ml, 1L, 1.2L, 50L, 210L

15W-50 Bullet Synthetic Technology (SN 500)

Benefits of use :

- * Reduces friction and wear
- * Prevents overheating
- * Guards against wear and corrosion
- * Keeps engine parts clean
- * Enhances acceleration and efficiency

4 Stoke Engine Oil
180cc
Meets API-SN

Recommended for: All 4 stokes Bikes

Available Pack Size : 2.5L, 50L, 210L

4T-10W-30 Synthetic Technology (SN 500)

Benefits of use :

- * Reduces friction and wear
- * Prevents overheating
- * Guards against wear and corrosion
- * Keeps engine parts clean
- * Enhances acceleration and efficiency

4 Stoke Engine Oil
110cc
Meets API-SN

Recommended for: All 4 stokes Bikes

Available Pack Size : 800ml, 1L, 1.2L, 50L, 210L

5W-30

Benefits of use :

- * Protection against gear wear and corrosion
- * For heavy-duty applications
- * Smooth gear shifting and reduced noise levels
- * Maintains performance under high temperatures
- * Reduces friction and wear

Premium Quality
Semi Synthetic oil
Meets API-SN

Recommended for: Petrol and diesel engines in cars, SUVs, light vans and light trucks

Available Pack Size : 1L, 3L, 5L, 10L, 20L, 50L, 210L

4T-20W-50 Synthetic Technology (SN 500)

Benefits of use :

- * Reduces friction and wear
- * Prevents overheating
- * Guards against wear and corrosion
- * Keeps engine parts clean
- * Enhances acceleration and efficiency

4 Stoke Engine Oil
150 cc above
Meets API-SN

Recommended for: All 4 stokes Bikes

Available Pack Size : 1L, 1.2L, 50L, 210L

15W-40

Benefits of use :

- * Works in both hot and cold climates
- * Ensures smooth performance under heavy loads
- * Ensures smooth performance under heavy loads
- * Fights sludge and deposits
- * Reduces evaporation and oil loss

Diesel Engine Oil
Meets API CI-4

Recommended for: For Diesel autos, heavy-duty engines in pickup trucks and SUVs.

Available Pack Size : 1L, 3L, 5L, 10L, 20L, 50L, 210L

20W-50

Benefits of use :

- * Enhanced Engine Protection
- * Improved Lubrication
- * Reduced Oil consumption
- * Extended Engine Life
- * Optimal Viscosity

CNG Engine Oil
Meets API SF/CD

Recommended for: Passenger cars and minivans running on CNG/LPG fuel

Available Pack Size : 1L, 3L, 5L, 10L, 20L, 50L, 210L

EP Gear - 85W-140

Benefits of use :

- * Handles extreme pressure
- * Performs well under heat
- * Prevents sludge buildup
- * Reduces gear friction
- * Shields against rust

Premium Quality Gear oil
Meets API GL-5

Recommended for: Manual gear boxes of bus, passenger cars and trucks

Available Pack Size : 1L, 3L, 5L, 10L, 20L, 26L, 50L, 210L

20W-40 - MG

Benefits of use :

- * Reduces friction and wear
- * Prevents overheating
- * Guards against wear and corrosion
- * Keeps engine parts clean
- * Enhances acceleration and efficiency

Premium Quality
Multigrade oil
Meets API SF/CD

Recommended for: All cars, taxi, 3 wheelers & commercial vehicles running on CNG/LPG/

Available Pack Size : 500ml, 1L, 3L, 5L, 10L, 20L, 50L, 210L

EP Gear - 140

Benefits of use :

- * For high-load and high-temperature applications
- * Reduces gear wear and extends the life of equipment
- * Maintains viscosity and performance
- * Preventing metal to metal contact
- * Reduces friction, smooth and quiet gear shifts

Premium Quality Gear oil
Meets API GL-5

Recommended for: Manual gear boxes of bus, passenger cars and trucks

Available Pack Size : 1L, 3L, 5L, 10L, 20L, 26L, 50L, 210L

EP Gear - 90

Benefits of use :

- * Protection against gear wear and corrosion
- * For heavy-duty applications
- * Smooth gear shifting and reduced noise levels
- * Maintains performance under high temperatures
- * Reduces friction and wear

Premium Quality
Gear oil
Meets API GL-5

Recommended for: Manual gear boxes of bus, passenger cars and trucks

Available Pack Size : 1L, 5L, 20L, 50L, 210L

EP Gear - 220

Benefits of use :

- * Reduces friction and wear
- * Prevents overheating
- * Guards against wear and corrosion
- * Keeps engine parts clean
- * Enhances acceleration and efficiency

Premium Quality Gear oil
Meets API GL-5

Recommended for: Manual gear boxes of bus, passenger cars and trucks

Available Pack Size : 1L, 3L, 5L, 10L, 20L, 26L, 50L, 210L

EP Gear - 320

Benefits of use :

- * Reduces friction and wear
- * Prevents overheating
- * Guards against wear and corrosion
- * Keeps engine parts clean
- * Enhances acceleration and efficiency

Premium Quality Gear oil
Meets API GL-5

Recommended for: Manual gear boxes of bus, passenger cars and trucks

Available Pack Size : 1L, 3L, 5L, 10L, 20L, 26L, 50L, 210L

Hydraulic AW-46

Benefits of use :

- * Excellent wear protection
- * Smooth machinery operation
- * Resists oxidation and thermal breakdown
- * Strong corrosion protection
- * Performs well in various temperatures

Premium Quality
Hydraulic oil
Anti wear

Recommended for: Hydraulic pumps, Industrial machinery
Reciprocating compressors

Available Pack Size : 1L, 3L, 5L, 10L, 20L, 26L, 50L, 210L

EP Gear - 460

Benefits of use :

- * Reduces friction and wear
- * Prevents overheating
- * Guards against wear and corrosion
- * Keeps engine parts clean
- * Enhances acceleration and efficiency

Premium Quality Gear oil
Meets API GL-5

Recommended for:

Available Pack Size : Customer Customized

Hydraulic AW-68

Benefits of use :

- * Excellent wear protection
- * Smooth machinery operation
- * Resists oxidation and thermal breakdown
- * Strong corrosion protection
- * Performs well in various temperatures

Premium Quality
Hydraulic oil
Anti wear

Recommended for: Hydraulic pumps, Industrial machinery,
Reciprocating compressors

Available Pack Size : 1L, 3L, 5L, 10L, 20L, 26L, 50L, 210L

Hydraulic AW-32

Benefits of use :

- * Excellent wear protection
- * Smooth machinery operation
- * Resists oxidation and thermal breakdown
- * Strong corrosion protection
- * Performs well in various temperatures

Premium Quality
Hydraulic oil
Anti wear

Recommended for: Hydraulic pumps, Industrial machinery
Reciprocating compressors

Available Pack Size : 1L, 3L, 5L, 10L, 20L, 26L, 50L, 210L

UTTO

Benefits of use :

- * Suitable for a wide range of temperatures
- * Reduces gear friction for quieter operation
- * Extends the life of gears and bearings
- * Protects against rust and oxidation

Universal Tractor
Transmission Oil

Recommended for: Transmission systems including those fitted
with wet brakes, hydraulic systems, gearboxes and final drives.

Available Pack Size : 5L, 7.5L, 8.5L, 10L, 20L, 50L, 210L

TQ-ATF

Benefits of use :

- * Enhanced performance
- * Wear and rust protection
- * Stable Viscosity
- * Extended transmission life

Premium Quality
Transmission oil

Recommended for: Automatic transmissions, power steering units and synchromesh gearboxes in automobiles and light trucks

Available Pack Size : 500ml, 1L, 3L, 5L, 10L, 20L, 50L, 210L

COMPRESSOR OIL - CO

Benefits of use :

- * Reduces friction and wear
- * Prevents overheating
- * Guards against wear and corrosion
- * Keeps engine parts clean
- * Enhances acceleration and efficiency

Universal Tractor
Transmission Oil

Recommended for: All 4 stokes Bikes

Available Pack Size : 500ml, 1L, 1.2L, 50L, 210L

COOLANTS

Benefits of use :

- * Regulates engine temperature
- * Prevents overheating
- * Protects against corrosion
- * Inhibits freezing in cold weather
- * Extends engine life.

Premium Quality Coolants
Antifreeze/RTU

Recommended for: All types of Radiators

Available Pack Size : 500ml, 1L, 5L

2T - OIL

Premium Quality

Benefits of use :

2 Stroke Oil

- * Specifically designed for two stroke engine
- * The oil burns with the fuel and lubricants moving parts
- * Preventing damage and wear

Recommended for: 2 Stroke Engine only, Excel, Yamaha

Available Pack Size : 500ml, 1L

PUMPSET OIL - PSO

Benefits of use :

- * Engine protection and efficiency
- * Reducing friction and wear
- * Leading to a longer engine life
- * Additionally it helps prevent rust and corrosion
- * Maintains engine cleanliness and can improve fuel efficiency

Premium Quality
Pumpset oil

Recommended for: Agriculture Pumpset, Prevent wear and extend engine life

Available Pack Size : 1L, 3L, 5L, 10L, 20L, 50L, 210L

RPO

Benefits of use :

- * Improve the processing of rubber compounds
- * Enhance their flexibility and elasticity
- * Reduce overall costs
- * RPOs also contribute to better dispersion of filters
- * Improved extrusion and reduced power consumption

Premium Quality
RPO

Recommended for: In the context of oil refers to Rubber process oil it is a hydrocarbon oil

Available Pack Size : 1L, 3L, 5L, 10L, 20L, 50L, 210L

TWO WHEELER SPARE PARTS

Available for: All types of oil filters / Air Filter, cables, spark Plug
Brake pad, Brake shoe, Side Stand, Center Stand, Silencer etc.

Standard
First Quality

ALL TYPES OF GREASE AUTOMOTIVE & INDUSTRIAL GREASES

Available Pack Size : 1Kg, 5Kg, 18Kg, 180Kg
Customer Customized

Standard
First Quality

TYPES OF LUBRICANT

- ☀ **4T - 2 Wheeler** - Synthetic Technology (SN 500)
20W40 - 110 cc / 10W30 - Scooty
20W50 - Above 150cc / 15W50 - Royal Enfield
- ☀ **SN - 500 BS6 - Petrol Engine** - Synthetic Technology
3 Wheelers, 4 Wheelers & LMV / HMV Vehicles
- ☀ **CI - 4 Diesel Engine** - Synthetic Technology
15W40 / 5W30
- ☀ **20W40 - Multigrade Red**
4 Wheelers & LMV / HMV Vehicles etc
- ☀ **Coolant Oil**
Engine Radiator / 2 Wheeler / 3 Wheeler / 4 Wheeler LMV / HMV
- ☀ **UTTO - TRACTOR**
Univesel Tractor Transmission oil
- ☀ **Ad Blue - DEF**
Adblue is a Diesel Exhaust Fluid reduces harmful emission
Particularly, Nitrogen oxides (NOX) from Diesel Engines
- ☀ **ATF - Steering Oil**
Auto Transmission Fluid
- ☀ **Hydraulic**
Grades / 32 / 46 / 68 Industrial Lubricants etc
- ☀ **EP Gear**
90 / 140 / 80W90 / 220 / 320 / 460
- ☀ **Compressor Oil**
- ☀ **Pumpset Oil**
Agriculture
- ☀ **Crown Oil**
3 Wheelers, 4 Wheelers & LMV / HMV Vehicles
- ☀ **Gear Oil / Break Oil**
3 Wheelers, 4 Wheelers & LMV / HMV Vehicles
- ☀ **Greases**
All types of Greases
- ☀ **Cutting oil**
They are essential for machining operations like cutting, drilling, milling and turning metal work
- ☀ **2T - Oil**
2 Stroke Engine Oil
- ☀ **RPO**
In the context of oil refers to Rubber process oil it is a hydrocarbon oil
- ☀ **Two Wheeler Spare parts**
Spare Parts only a few Items

OUR MISSION

"Our Mission at Epix Plus & Premex Ultra Plus Lubricants is to provide premium quality engine oils that exceed the expectations of our customers. We are committed to continuous research and development, ensuring that our lubricants not only meet but anticipate the evolving needs of the automotive and industrial sectors. Our focus on customer satisfaction, environmental responsibility and technological advancement drives us to be the lubricant supplier of choice, fostering lasting partnerships and contributing to a greener and more efficient future"

OUR VISION

"At Epix Plus & Premex Ultra Plus Lubricants, Our vision is to be a globally recognized leader in the lubricants industry, delivering cutting-edge solutions that enhance the performance and longevity of engines. We aspire to set new standards for excellence, innovation and environmental sustainability"

CREATING 1000 ENTREPRENEURS ACROSS INDIA BY 2029

The world class **Engine oil**
